

KHD 35-10 Copper tube terminal, non-insulated, Cu KHD 35mm² M10

Cable lugs made of tinned electrolytic copper tube, without inspection hole according to DIN 46235.

KHD is a cable lug produced according to German standards and, like KRT cable lugs, also fits compressed conductors (class 2), often used in the ship and offshore industry. KHD cable lugs are larger in terms of material and take up somewhat more space at the connection point.

To achieve good and lasting contact, the correct pressing tool (for KHD) must be used.

Additional information :

Cross section (mm2)	35		
Bolt dia "M"	M10		
Abiko no.	KHD 35-10		
Elnumber	2069814		
GTIN	7070920018082		
Dia. (A)	10,5		
With (B)	20		
Inner dia. (C)	8,2		
Lengde (L)	42,5		
Sales unit	STK		
Pcs per package	100		
Weight, package (g)	317
